

June 13, 2011

Dear PE Teachers,

We have completed a two year-long training that the Heinz Endowment, Grable, Buhl and the Sampson Family Foundations have supported. We were able to reach 74 PE teachers who taught over 13,000 students throughout the district. Our plans for next year are to expand the same quality grant-funded training to other school districts.

Thank you for allowing us to participate in the important work that you do with our area's children. We have benefited from getting to know each of you dedicated, caring and talented individuals.

We believe that a consistent, personal relationship between you as teacher and us as trainers was the crucial element of the personal and professional successes that were witnessed in your classrooms. So, though our work with Pittsburgh Public Schools is completed, please do not hesitate to contact Yoga in Schools for teaching resources and continuing personal yoga instruction.

It has been an honor and a privilege to serve you.

Warmly,

Joanne
